

# KPAC – Club Member Profile

Over the course of the club year, 2 or 3 KPAC Members will be asked to introduce themselves at each club meeting. Each club member profile would be limited to 2 or 3 minutes.

The objective of the member profile is to share some information about yourself so new club members (and the 80 or so existing club members) know a bit more about you. These informal introductions will help the new club members feel like they are getting to know everyone, and existing club members are kept up-to-date on anything new.

Suggested topics to cover in a Club Member Profile:

- 1. Name:**
- 2. A little bit about yourself: (work, recreation & other activities)**
- 3. Type of camera & equipment (explain your choices):**
- 4. Photo processing software used and skill level (Photoshop, Elements, Light Room, etc.):**
- 5. Areas of photographic interests:**
- 6. What you are currently working on or looking to try in the next year:**
- 7. What you'd like to learn at the club this year:**
- 8. As a club member is there anything you would like to help with or get involved in?**
- 9. Questions from members?**
